

A MARBLE FIND WHICH PROMISES OWNERS WEALTH

A. E. Kirkbride was in Mina Thursday getting supplies and transacting business. Mr. Kirkbride is connected with the Nevada Black and Gold Marble company. The property is located seventeen miles southeast of Mina. The company is composed of the following well known citizens: Frank Meyers, E. W. Davis, George Davis and Z. P. Rason of Yerington; Col. S. H. Baker of Corning, California; A. E. Kirkbride of Colorado, and C. A. Root. Messrs. Kirkbride and E. W. Davis are now on the ground looking after operations, of which the preliminaries have been commenced. The company has plenty of money in the bank with which to push the operations in an energetic manner. Air compressors and drills will be put in and when the quarries have been sufficiently developed it is expected that a regular shipment of six cars per week will be kept up. The management is now working to get out a car load shipment to be made from Mina as a test. They purchased the property from Mr. Lindsay of Carson City, who located it some three years ago, but did little actual development of the ground.

The marble deposit covers a very extensive area and is what is generally known as Egyptian black and gold marble, that and the island of Sicily being the only place in the world where it is found until its discovery in this section. It is used for ornamental finishing, inside wainscoting and in soda fountains. The quality found here has been tested and is pronounced by experts to be better than the imported grade. The market price in New York is \$14 per cubic foot. It is very probable that the company will put in a marble plant at Mina. The find is certainly a fortunate one and will add greatly to the wealth of Esmeralda.

ANOTHER SHOOTING REPORTED

Round Mountain Tenderloin is Scene of Another Misplay With a Revolver

A telephone message to the sheriff's office yesterday from Round Mountain stated that a bartender engaged in one of the houses of ill repute in that camp accidentally shot one of the inmates named Ida Miller yesterday morning about 11 o'clock. The report states that the bartender had gone to the house in an intoxicated condition and started to display the revolver. Several of the women tried to take the gun away

and in the scuffle that followed the gun was discharged and the bullet entered the woman's breast. The wound was a slight one and it is thought that there will be no serious consequences. The gunwielder was placed under arrest by Deputy Sheriff William Mattley, who in turn notified the sheriff's office in this city. District Attorney P. A. McCarran will leave for the northern camp this morning in order to investigate the affair.

Our Business is Banking

The sign "Bank" does not make a bank and is often misleading. It requires time, energy, close attention to business, a substantial capital and ripe experience in banking to make a bank. We claim, without blushing, all the essentials necessary to make our business that of banking, and tender our patrons a service thoroughly seasoned by years of experience, backed by a substantial capital and a large surplus.

MURDER CASE PASSED UP TO GRAND JURY

Fred Newton was arraigned on the charge of murder yesterday in the district court. A motion made by his attorney, H. W. Scheld, to quash the indictment, was granted by the court and the defendant was remanded to the custody of the sheriff to abide by the action of the grand jury, which will again take up the case. His bonds were fixed at \$5000.

TENDERED HIM SURPRISE PARTY

The companions and schoolmates of Charles Gilbert, the 14-year-old son of Mr. and Mrs. R. F. Gilbert, tendered him a surprise party at the home of his parents Monday evening in honor of his birthday. The evening was spent in playing games, dancing and singing, which was followed by a delightful luncheon. All the youngsters enjoyed themselves to the utmost and a most happy evening was spent. Among those present were the Misses Alice and Margaret Halloran, Marjorie Macy, Bannie and Sadie Harma, Agnes Dougherty and Norma and Fern Hudspeth, Masters George Harma, John Dougherty, Ross Evans, Charles, Henry and Albert Gilbert.

STRAIGHT DOPE ON THE FIGHTS

Spider Welch, that eminent authority on the fighting game, when approached yesterday by a representative of the Bonanza and asked his opinion on the four fights on Thanksgiving day, while rather loath at first to give the required information, condescended and now it is up to the public to get in on the ground floor and place their money accordingly. Here is Spider's dope: "In the Ketchell-Papke match, it is a cinch for Ketchell. Between Abe Attell and Freddie Welsh there is nothing to it but Abe. Burns lands the bacon when he meets Johnson. Between Gordon and Krant I have all my spare cash on Gordon."

MUCH INTEREST IN THE COMING PRIZE FIGHT

There is a keen interest being manifested as to the coming fight between Gordon and Krant and from the reports from the outside towns there will be a record breaking attendance at the affair which takes place Thanksgiving afternoon at the Big Arena. Krant and his trainers arrived from Goldfield yesterday and the welterweight was watched by a large number of people when he went through his training stunts yesterday afternoon. There was also a good crowd to watch Jordan while he was training and according to reports from both sides there is no chance for either man to lose in the contest.

The preliminary will be between George Odell of Tonopah and Kid Crawford of Goldfield and will start promptly at 2 p. m. This should be a hummer as both men are evenly matched and it is about the first chance that Odell has had to engage in a contest with any one his weight.

The Big Arena will be heated and there will be no weary wait in the cold for the fight to start as was the last affair there.

The seats which have been placed on sale at the O. P. saloon and the Big Casino are selling rapidly and the advance sale practically predicts a crowded house.

Good things to eat at the Mizpah grill. Service unexcelled. 11-24-6t

Albert F. Averill, vice president of the Solid Gold lease at Round Mountain, and George M. Lowrey, a heavy stockholder in the same company, arrived yesterday from Pomfret Center, Connecticut. They left immediately for Round Mountain, accompanied by Cy Johnson. The gentlemen will make an extended examination of the property and mill there.

AUTO OWNER CHALLENGES ANY OLD STOCK CAR

The Simplex Auto Livery company has what it considers the fastest machines in the state and is willing to wager any amount that the can outdistance any and all stock cars that are willing to race against them. A partial tryout was made at Autolake last Sunday and as a result the following challenge is issued:

"To Whom It May Concern:

"I respectfully challenge any automobile owner in the state of Nevada to a race of any distance on the course that is known as Autolake. The only provision I make is that the car must be a stock car, as the car I will use will be a Simplex which has been in use in southern Nevada for one year. I am willing to wager \$1000 on the result.

"H. T. KUTZKAU."

This announcement will likely cause considerable interest among the automobile owners in the state and a race should result before long. There are a number of the machines in Goldfield which the owners think can outrace anything short of a racing car and now they will have a chance to enter into a good contest.

INJUNCTION CASE STILL ON IN THE COURT

The case of the Manhattan Ore Reduction and Refining company versus the Manhattan Dexter Mining company of Nevada, Milo Plamanaz et al., occupied the attention of the district court the entire day yesterday. In this case the plaintiff has obtained an injunction against Plamanaz and has stopped him from working a lease in Manhattan, and Plamanaz is endeavoring to have the injunction set aside. It will probably be several days before the case is submitted.

The City bakery is now open from 6 a. m. to 8 p. m. Mizpah grill open all night. 11-24-6t

HOLIDAY

Shoppers are already beginning to lay their plans to give dear friends and relatives some remembrance at Christmas, which is rapidly approaching. And it is puzzling to know just what selections to make in order to please those for whom the gifts are for and at the same time not spend more than the holiday allowance which has been set aside for this purpose.

GOODS

of all kinds are on the markets, priced way up in expectation that the holiday shopper will have to pay these prices or do without—or else have to run the risk of sending to mail order houses and getting the goods back damaged, or too late for Christmas. It is just this that we are looking out for and we want you to come and see our stock of holiday goods, such as all kinds of toys for the "kiddies;" the latest books that the publishers have issued, and the most swaggar novelties in box papers and other stationery which the east affords. Our stock has just arrived direct from the eastern importers, and will be sold at city prices. We would not advertise this if we could not deliver the goods. We are also the authorized and exclusive agents for the Victor Talking Machine, priced at from \$15 to \$300. Come in right away, before the stock is picked over, and listen to new records.
